Feedback from Stakeholders on Curriculum

Internal Quality Assurance Cell makes it a tradition to regularly collect feedback from stakeholders-students, teachers, employers and alumni. This is done by the IQAC. They collect and analyze the feedback received and make suggestions to appropriate bodies so as to initiate the action for improvement.

Objective:

The objective of the exercise is to correctly gauge the impact of all the efforts taken by the institution at all levels on the various stakeholders. The institution wants the benefits to reach the stakeholders. The feedback is collected and trends generated through statistical analysis. Based on the opinions of the stakeholders, further action is taken by the administration.

Methodology:

- Feedback on curriculum is collected from the students by distributing the feedback forms. It is collected offline and brought to the IQAC for its analysis. The statistical data is handed over to the feedback committee. Further suggestions are incorporated by departments, ISMC and governing body.
