### Students' Feedback and Action Taken Report: 2019-20

The following gives a detailed report of the issues raised by the students and the subsequent action taken by the institution during 2019-20

Sl no	Feedback	Action Taken
1	In the mid semester feedback apprehensions in the teaching learning process during the academic year 2019-20 was expressed as online teaching mode continued due to Covid-19 pandemic.	Virtual learning environment became more stable and primarily Google Meet, Zoom platform was used to conduct online classes as per the time table. It was complemented with communication via whatsapp, Email, Google Classroom and other resource sharing platforms to resolve any doubts and enhance the degree of conceptual clarity. The feedback at the semester showed a high level of satisfaction with the entire process.
2	The online study material available with students was limited.	Web based OPAC(Online Public Access Catalogue), e-books, syllabus, questions papers, open access resources as well as N-LIST /NDL data bases were made available to students. A vast amount of class note was created by teachers. These were made available on Google Drive/Classroom, and through online library facility. Faculty recorded and shared lectures
3	Difficulty in internal assessments was faced by students during pandemic time.	A judicious mix of online quizzes, assignments, viva-voce and project work was used to assess the level of understanding of students. Timely dissemination of information regarding internal assessment and evaluation was ensured. Faculty repeatedly reached out to the students who were falling behind.
4	Mental agony was faced during Covid-19	Teachers also ensured to reach out to the students and helped them to deal with the stress. Mentor-mentee platform was strengthened. Online meetings with parent and student provided the platform for addressing student concerns. Students were encouraged to make use of the financial assistance schemes (notified by the Govt. of Assam). Active monitoring of student attendance by faculty for timely identification and support

### Employers' feedback,

Our employers are important stakeholder and feedback from them gives us input relating to enhancing the employability of our Ex-students. We have collected feedback from the employers where we ask our employers to comment on the curriculum and other job-related issues. They felt that the curriculum enriches the knowledge on application of discipline subjects, principles and concepts. The curriculum is helpful to develop critical thinking ability and creativity.
