ASSIGNMENT ON

LIFE CYCLE OF ENTAMOEBIA HISTOLYTICA,

TREATMENT AND PROPHYLAXIS

SUBMITTED TO \_\_\_\_\_ SUBMITTED BY \_\_\_\_\_

DR. PANCHALI KARMAKAR SHIKHA MONI GOGOI

ROLL NO : 46

BSC. 6th SEM

ZOOLOGY

PAPER - DSE - 9

YEAR - 2023

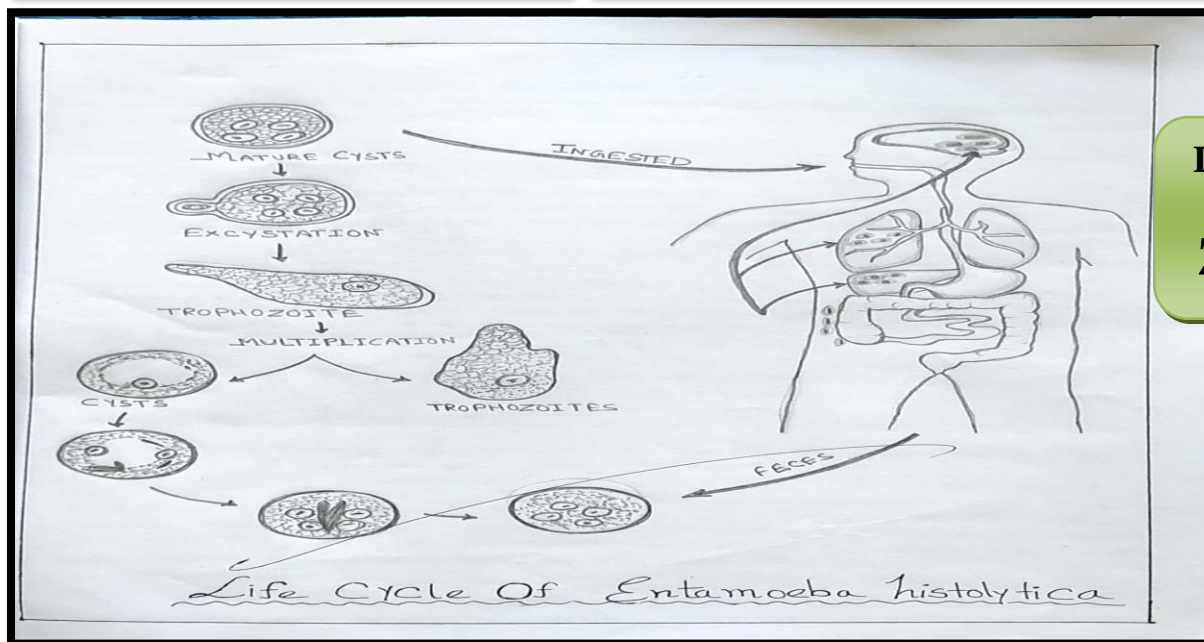

*08/04/23*

Life Cycle Of Entamoeba histolytica -

Entamoeba histolytica is monogenic, i.e., its life cycle is completed in one host only; the only host being the Man. Its life cycle is completed as follows:

Encystment - The Pre-cystic forms, under certain circumstances which are not well understood, remain small and live only in the intestinal lumen. They undergo encystment but before encystment, the parasites round up, eliminate food vacuoles and accumulate considerable amount of food materials in the form of glycogen and black rod-like chromatoid granules. Soon each parasite secretes a thin, rounded, resistant, colourless and transparent cyst wall around it. The cysts of Entamoeba histolytica vary in size from 10-20 microns in diameter. Its cytoplasm is clear and each cyst is mononucleate at this stage. Presence of chromatoid bodies is the characteristic of the cysts of Entamoeba histolytica. They occur either singly or in the multiples of two or more. There is a controversy about the exact nature of these bodies. Some authorities consider them as nutrient material of the cysts, while others believe them as excess of chromatin thrown off during nuclear division. The chromatoid bodies are found in the early stages of the cysts but they disappear in the mature tetranucleate cysts. The nucleus of the cysts divides twice so that each cyst now becomes tetranucleate. At this stage the cyst is infective to a new host. Encysted forms pass out with the faecal matter of the host.

Transfer to new host - The infective cysts remain viable for a considerable length of time outside the human intestine, if environmental conditions are favourable. Infection of fresh human host takes place by swallowing the infective cysts with contaminated food and drinks. Contamination of food and drinks is brought about by houseflies, cockroaches and food-handlers. Houseflies generally carry the cysts from the faeces to the food. Cockroaches are also been found to transport cysts from

#### Report on Mentor Mentee Counselling Programme

A Counselling Programme for Mentor Mentee is organized on 10/09/2022 in the department for all the students. The students are informed about their Mentors. Students are also advised to share their any problem like financial, mental health etc. The HoD and faculty members discussed with the students all the relevant matters regarding the actions taken mentioned as follows:

- I. Frequent interaction with parents
- II. Encouragement to participate in various national and international programmes, other extracurricular activities, yoga, meditation etc.
- III. Mental support and motivation
- IV. Remedial classes for slow learners, Provides notes, question paper discussion etc.
- V. Guidance for advanced learners, to appear in various competitive examination, JAM, entrance for Masters etc.
- VI. CUET counselling programmes.

The students are also asked to follow the rule and regulations of the college.

#### Report on Mentor Mentee Counselling Programme

A Counseling Programme for Mentor Mentee was organized on 11/09/2022 in the department for all the students. The students are informed about their Mentors. Students are also advised to share their any problem (like financial, mental health etc.) The HoD and faculty members discussed with the students all the relevant matters regarding the actions taken mentioned as follows:

- I. All the Mentors maintain a register to keep the records of mentee.
- II. Arranging Parent-Teacher meeting both offline and online mode of and on.
- III. Conducted both Offline and Online Meeting for Mental Support and Motivation of the students.
- IV. We used virtual platform such as Google Classroom, Google Meet, Zoom etc., for both teaching and evaluation.
- V. The students are also asked to follow the rule and regulations of the college.
- VI. Encouragement to participate in various national and international programmes, other extracurricular activities, yoga, meditation etc.

### SYLLABUS Core Course\_14 RESEARCH METHODS II

**Objective:** The course is an introductory course on how research is actually done. With emphasis on formulating research design, methods of data collection, and data analysis, it will provide students with some elementary knowledge on how to conduct both, quantitative and qualitative research.

#### Outline:

1. **Doing Social Research** (weeks 1-4)
  - 1.1 The Process of Social Research
    - (a) Steps of Social Research
    - (b) Research Design
  - 1.2 Concepts, Hypothesis, Research Questions
  - 1.3 Field (Issues and Context)
  - 1.4 Sampling
2. **Methods of Data Collection** (Weeks 5-9)
  - 2.1 Survey Methods: Sampling, Questionnaire and Interview
  - 2.2 Observation: Participant and non-participant
3. **Quantitative and Qualitative Data Analysis** (weeks 10-13)
  - 3.1 Quantitative – Statistical Method
    - 3.1.1 Statistical Methods: Graphical and Diagrammatic Presentation of Data (Bar diagrams, Pie-diagram, Histogram, Frequency Polygon, Smoothed frequency curve and Ogives).
    - 3.1.2 Measures of Central Tendency (Simple Arithmetic Mean, Median and Mode).
    - 3.1.3 Measures of Dispersion (Standard Deviation, Variance and Covariance).
  - 3.2 Quantitative : Content Analysis, Case Study, Focused Group Discussion.
4. **Research Projects** (Weeks 14)

Field Visit and Report submission

#### REPORT INDUCTION PROGRAMME CUET PG-2022-2023

The induction programme of CUET PG was held today 15<sup>th</sup> of September 2022 at 11am in the Academic conference hall of Jorhat Kendriya Mahavidyalaya. This programme was organised by CUET Cell of Jorhat Kendriya Mahavidyalaya for the 5<sup>th</sup> semester students of all the departments of JKM in order to guide them to appear in the CUET PG 2023.

The objective of the programme forwarded by Mrs. Pinaki Hazarika, HoD, Department of Botany. The welcome speech was given by honourable principal of JKM, Dr. Dulen Saikia. In his speech give a brief idea about the CUET PG courses and about NTA (National Testing Agents).

The coordinator of CUET Cell explained through their PPT slide about the marking system of CUET exam, its syllabus and about examination registration process to be held in 2023. They also distributed the routine to be followed by the respective departments for CUET classes.

The meeting ended with vote of thanks giving by Mr. Amarjyoti Bordoloi, Associate Professor, Department of Economics.
