The event began with an inaugural session which was graced by distinguished guests and academicians from different discipline. The inaugural session was initiated by Mrs. Ratnamoni Dutta, Assistant Professor, Department of English with a warm speech. The programme was Chaired by Dr. DulenSaikia, Principal of the Institution who welcomed all the distinguished guests, professors, the judges of the Oratory Skill Competition and all other attendees to show his gratitude towards the guest for making an effort to attend the event .Respected Principal Also delivereda special talk on the topic "Future of work: Industry 4.0, Innovation and 21st century Skills". The inaugural speech was delivered by Sjt. Ashok Kr. Barman, honorable Deputy Commissioner, Jorhat wherein he addressed the students of Assam as the most talented individual and Jorhat Kendriya Mahavidyalaya as among the best college in entire Assam. He also pointed out the importance of "Positive Focus" among every student and how the youth can contribute to the society. According to him "Ego" should not be there in order to learn something and they should reduce their dependency over their parents and should try to be self employed. The main aim of his speech was to make us understand about how the youth power can be converted in to the resource of India. Sjt. Bhaskar Jyoti Sharma, Executive Engineer PHE Jorhat was present as the speaker and he presented his speech on "National Water Mission". The programme was graced by 200 attendees.

Objective of the Programme: The youth are the catalysts of change and empowering them can lead to widespread change at the grassroots level as is evidenced by the success of the various public private partnership initiatives. The youth of a nation is brimming with untapped potential that can be polished and utilized to bring in advancements in every sphere. The only way that leads to enlightenment amid youth is the allotment of duties in conjunction with their potential. This approach will surely drive them to consistently deliver progressive results for the betterment of the country. The creative potential of the younger generation coupled with their zeal, enthusiasm, energy and versatility can work wonders for the country. Young people contribute their part in every field and are working really hard in the field of technology, administration, business as well as sports and are daily coming up with innovations and technologies to change the world. Hence for the development of a nation, the contribution of youth is a must.

Mr. Sharma presented a specific talk on National water Mission. National Water Mission is a national initiative in India that aims to conserve, protect and manage the country's water resources. He focused on improving water use efficiency, promoting integrated water resource management, augmenting water supply and promoting conservation and management of water resources. He talked about the aim of NWM which refers to the increase of water use efficiency by creating water storage capacity and implementing river linking projects and also introduced the 5 important goals of NWM:

comprehensive water data base in public domain and assessment of the impact of climate change on water

Promotion of citizen and state action for water conservation, augmentation and preservation.

Focused attention to vulnerable areas including over exploited areas.

improving water use efficiency by 20%.

promotion of basin level integrated water resources management.

He addressed the initiative taken by Govt. of India, the Jorhat District Administration & PHE Department for conservation of water. He urged for introduction of vocational courses, skill development courses in educational institutions, which focuses on specific sectoral needs and promoting self employment in different sectors. He ended his speech with the quotation of Franklin D. Roosevelt- "We cannot always build the future for our youth, But we can build our youth for the future."

Report on Celebration of National Science Day

The National Science day was celebrated by the Science stream of Jorhat Kendriya Mahavidyalaya in association with IIC & IQAC, JKM on 28th February, 2023. On that special occasion, two groups of school students were invited to the college to visit the science laboratories with a view to extend the laboratory knowledge among the students of the schools of nearby area as well as to increase their interest in the field of science. At about 9:15 am, the first group of around 40 students from Kenduguri Jatiya Vidyalaya reached college. They were then escorted and hosted by the students of Jorhat Kendriya Mahavidyalaya to the different departmental laboratories of the college. In the departmental laboratories, the students of Jorhat Kendriya Mahavidyalaya nicely demonstrated various experiments and equipments to them. The students also visited the Botanical Garden, Biogas Production unit, Vermicompost Production Unit, Dubori Greenhouse Nursery and the solar carousel unit of the college. The next team was from Sarojini Devi High School, Kenduguri, Jorhat along with their respective teachers. Both the team of students and their teachers highly appreciated the programme.

At about 12 pm, a meeting was held in the college auditorium in the presence of Dr Dulen Saikia, Principal, Jorhat Kendriya Mahavidyalaya. Dr. Gopal Hazarika, member, Governing body, JKM and Mrs. Ranjumoni Saikia, Vice – Principal, JKM. The meeting was hosted by Mrs. Ely Phukan, Academic vice Principal, Science stream. At about 12:15 pm, the lightning of the lamp was done by all the respected dignitaries present in the stage. After a warm welcome speech delivered by Mrs Ely Phukan, she requested the respective colleagues to felicitate the dignitaries present there. After the felicitation programme, Dr. Dulen Saikia, respected Principal of Jorhat Kendriya Mahavidyalaya delivered a talk on the Observation of National Science Day. In his Speech, he highlighted the contributions of C.V Raman to the world of Science as well as the contribution of Indian Scientists in the discovery of 'Raman Effect'. He also mentioned about the use of Science and Technology in agriculture as well as in other day to day fields. His lecture was quite interesting and fruitful one. On that special occasion, the annual newsletter of the college was also released. A Poster competition was also organized on the occasion of National Science Day in the college.

Mrs. Pinaki Hazarika, HOD, Department of Botany, Jorhat Kendriya Mahavidyalaya, offered the vote of thanks to all the dignitaries, faculty members and participants present there.

With this, the celebration of National Science Day comes to an end at about 2:30 pm.

National Technology Day

Organized by IIC, JKM Date: 11-05-2023

Outcomes of the Programme: The programme was attended by around 120 students from the College and nearby schools and 40 faculty members and three external members of IIC.

It was very informative and knowledge enriching programme for the students. Audio-Visual platform based lectures delivered by the invited speakers provided better experience and information about the science and technology innovation to the participants.

The programme was hosted by Dr Ananta Tamuli, Asstt. Professor, Deptt. Of Economics and joint Coordinator IIC.

A POPULAR TALK ON THE TOPIC "ROLE OF MICROORGANISMS IN SOIL AMENDMENT"

A Popular Talk was organized by the Department of Botany on 26th September, 2022 on the topic "Role of Microorganisms in Soil Amendment" in Academic Conference Hall, JKM. The programme begin at about11am in the presence of the faculty members of the department and the students. The talk was delivered by Dr. Dondeswar Dutta, Ex-Scientist D, RFRI, Jorhat. The proceedings of the talk began with an introduction given by Prof. Rashmi Rekha Bora, followed by the felicitation of the resource person, Dr. Dondeswar Dutta by Miss Khusboo Agarwal. A brief speech was given by Prof. Pinaki Hazarika, the Head of the Department, Botany.

Following this, Dr. Dondeswar Dutta Sir began his talk. He started off by explaining the importance of microorganisms in our day-to-day life. In the beginning, Sir showed a Power Point presentation which started with the "application/utility of science in practical life." He explained how we should apply our theoretical knowledge in practical life. In the next slides, he talked about biofertilizers, bioactive compounds, antibiotics, food products, etc derived from beneficial microorganisms like PGPR, AMF, phosphate solubilizing bacteria, etc.

Succeedingly, he went on to show the students and faculty members the amazing work he had done during his tenure. He showed how he, along with his team, transformed barren lands near coal mines of area such as Margherita into a green vegetation with the help of microorganisms (PGPR, VAM culture etc.). He showed the entire process that was followed via Power Point presentation. It started with plantation of seedlings, followed by lime treatment and addition of beneficial microorganisms like AMF, PGPR, FYM, etc.

microorganisms like AMF, PGPA, FYM, etc.

The work and pictures that he showed fascinated the students as well as the facult members. His wonderful talk was then concluded by a vote of thanks from Mr. Dimplly Borah (faculty member) and Supreeti Hazarika (student). In the end, snack were served to the guest, faculty members and all the students present. The talk was a huge success catering to around 65 students, from HS 1st year to B.Sc. 5 semester.

Dr Dulen Saikia, Principal Jorhat Kendriya Mahavidyalaya deliver a Talk on "India's Contribution to Energy Conservation & Innovative Steps Taken Towards Becoming an Energy-Efficient Nation". He mentioned about the National Energy Conservation day and its significance of celebration in India. He also pointed out 1st Celebration on 14th Dec, 1991. He requested all to be a responsible one for the nation and society to conserve energy. He requested all the students present on the ccasion to popularize the celebration globally to highlight awareness efficiency of energy. He says "We can't survive without light and heat, for which only the source is energy. For next generation what we will leave?". Dr. Saikia also pointed out on Energy poverty and Fuel poverty of the nation too. Government of India launched an Act on Energy conservation in the year 2001. Sir told that how we can save the energy by using latest techniques as recycling of Aluminium cans, etc. Dr. Saikia Sir also differentiated about the efficiency and conservation of energy, told about the energy efficient building which has so many benefits for us. Sir said about the journey of India so far regarding energy conservation from 2001 to 2016. India is the 3rd largest energy producing country and 24% of budget is used in power sector, 75% of water of the world is used to produce energy. That means by saving energy we can save drinking water also and reduce
