POLICY DOCUMENT ON ENVIRONMENT AND ENERGY USAGE

Policy for Green Campus/Energy/Water/Waste Management and Conservation

Jorhat Kendriya Mahavidyalaya envisions a Clean and Green Campus where environment friendly practices and education combine to promote environment and sustainable development in all its endeavours. The green campus concept offers the institution an opportunity to take the lead in redefining its environmental culture through instilling environmental ethics among students and staff. Within its ambit, the Institute envisages to streamline ways of energy conservation and utilisation through socially responsible manners.

This Environment and Energy Policy is binding for all the components of the Institution and applies to all its Stakeholders and to the various activities undertaken by the Institution. It will help us to embed efficiency and environmental awareness in our daily activities, thus helping to realise our responsibilities and commitment for the conservation of Natural Resources and also to limit its usage. The college conducts Green Literacy Programmes to save energy and to protect the environment.

POLICIES-

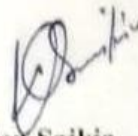

- To undertake Plantation Drives in the campus.
- To develop Rain Water Harvesting and Ground Water Recharging Units in the campus.
- To install LED Bulbs in the campus to save energy.
- To assess our energy usage and measure its impact on the environment.
- To develop a systematic waste management system.
- To develop Waste Paper Recycling System.
- To take initiatives for Soil Management.
- To undertake cleanliness drives.

- To reduce the air pollution emissions using environment- friendly vehicles, public transportation and use of pedestrian friendly roads.
- To install Photo -Voltaic Solar Panels for the generation of alternative energy.
- To acquaint employees and students of the Institute regarding environmental issues and to engage them to take initiatives for its mitigation.
- To provide information and training on energy saving measures
- To extend Green and Energy Audit Consultancy services in other institution.

This policy will be communicated with the students and employees via internal communication channels. The Energy and Environment Policy ,objectives and targets will be reviewed on regular basis under the guidance of the Principal of the College.
